## PROFESSIONAL EXPERIENCE

CALIFORNIA CYBER INTEGRATION CENTER (CAL-CSIC), Mather, CA

Mar 2021 – Present

### All-Source Cyber Threat Intelligence Analyst

Responded to Ad-HOC tasking from various California state agencies to include the California Governor, Homeland Security Director, and California Department of Technology Director. Provided cyber threat intelligence information to the Cal-CSICs Incident Response Team during cyber incidents. Intelligence included threat actor TTPs, IOC's, and Yara Rules. Knowledge of IT/OT/ICS/SCADA/IoT/IIoT, and industrial network protocols. Worked Jointly with members of CISA, FBI, and California State Fusion Centers. Drafted strategic products in multiple critical infrastructure areas. Work closely with Mandiant contractors on joint advisories.

#### *Accomplishments:*

- Briefed 100+ participants during monthly Cyber Threat Briefs on topics ranging from Cyber Basics, Ransomware, threats to critical sectors, and education
- Drafted 60+ Cyber Advisories and Executive Summaries for 200+ members and organizations on email distro
- Conducted in-depth research to collect intelligence regarding indications of Russian, Chinese, and Korean State Sponsored cyberattacks against California Infrastructure
- Passed time-sensitive information to United States Secret Service and FBI regarding ParkMobile cyber incident
- Collaborated with representatives from numerous private, state, tribal, and federal organizations.

LEIDOS, Beale Air Force Base, CA

Aug 2019 – Oct 2020

### Multi-Source Analyst Trainer

Oversaw creation, implementation, and direction of Multi-Source Intelligence Analysis Course. Diligent execution eliminating training backlog. Support development procedures and drive creation of new briefing product for Air Force Intelligence unit.

#### *Accomplishments:*

- Course benchmarked by Air Force client as the training standard for 30+ contractors and 10+ Airmen
- Reduced training time by 50% by creating a scenario-based training which exceeded customer requirements
- Conducted in-depth research to collect geospatial data; performed technical and operational analyses; collated, analyzed, and fused data to brief Air Force senior operational commanders; delivered crypto-linguist support
- Devised and presented weekly reports displaying program metrics, training accomplishments, operational manning to site lead and Air Force intelligence unit leadership
- Collaborated with representatives from deployed special operation forces to share information and coordinate intelligence activities

BOOZ ALLEN HAMILTON, Beale Air Force Base, CA

Jul 2018 – Aug 2019

### **Senior Consultant / Analyst**

Assisted with the creation and implementation of Geospatial Analysis Course through collaboration with Air Force client.

#### *Accomplishments:*

- Used data derived from multiple intelligence disciplines to predict future terrorist activity
- Stalwart producer of in-depth development of policies, procedures, guidance, tools, and techniques to expertly execute mission functions
- Collaboration ambassador between Air Force client and corporate leadership
- Managed and maintained geographic information systems (GIS)

UNITED STATES AIR FORCE | Beale Air Force Base, CA

Aug 2014 – Sept 2017

### **Analyst**

Served active duty as a military intelligence analyst. Collaborated with a team of 5 analysts, to maintain accountability, workflow, and productivity.

#### *Accomplishments:*

- Maintained government relational databases that tracked intelligence needs for multiple defense agencies
- Managed and maintained relational databases that tracked intelligence needs for multiple defense agencies
- Studied activities relating terrorism and multiple national security threats
- Analyze data acquired from aircraft, satellites, or ground-based platforms, using statistical analysis software, image analysis software, or geographic information systems (GIS) to create finished intelligence reports

U.S. DEPARTMENT OF VETERANS AFFAIRS, Mather, CA

Oct 2011 – May 2012

### **Medical Administrative Assistant**

Conducted diagnostic tests, maintained electronic medical record data, performed essential medical care in collaboration with clinical directors.

#### *Accomplishments:*

- Collaborated with broad range of clinicians across disciplines to establish and accomplish team goals, ensuring provision of exceptional patient care.
